NOAA's answer is confusing but since we are meeting at 12:30 let's discuss then.

w/r/t the CAG's comments, they are already on the public part of the Sharepoint site, as is the CPG presentation, in the folder that Alice created last week. So anyone who wants them can be directed to that folder.

See folder for Passaic River/Upper 9 Miles: Potential Interim Action.

So NJDEP said yes, NOAA said they must request from NOAA themselves:

Hi Diane,
I believe the correct path is for EPA to refer the requesters to one of our two agencies (NOAA or DOI).
- Reyhan.

What about the CAG and CPG? Can they have each other's comments? Should they ask each other or can I disseminate?

Thanks
Diane

Diane, Yes, it is acceptable to release this document, "John Prince Letter- Passaic River 2-13-18," for public use. I spoke to my Bureau Chief, Steve Maybury, to confirm. Regards Jay

To close the loop from last week:

As per the Joint Prosecution and Confidentiality Agreement, EPA would like to know if your agency is ok with releasing the attached documents to the CPG and the Community Advisory Group. If not, we will withhold the documents to the extent possible.

Thanks
